Informal Practice Log - Week 7

| What was the situation? What process did you use? (Simple Awareness, Mindful Eating, STOP, "Turning Toward") | What was going on with you when you thought to do the process? (body, mind, emotion) | What did you notice WHILE you were doing the process? (body, mind, emotion) | What did you notice AFTER you did the process? (body, mind, emotion, action) | What did you learn? |

| EXAMPLE I was cleaning the garage and getting frustrated with how long it was taking and decided to use Simple Awareness. | I felt frustrated at how long it was taking, hurrying just to get through, thinking "I HATE doing this – I have so many other things to do!" | I started to pay attention to the one part I was working on: the pile of tools in the corner, colors, shapes, how it felt to be holding the saw handle. | I actually continued with the process for a while. I was much calmer, only focused on what I was doing at THAT moment. | It wasn't the job itself which was frustrating, but my thinking about all the other things I had to get done. |
